

Memory Pillows

The warm comfort of your memories can live on in Memory Pillows. Memory Pillows are made from your loved one's clothing, blanket, or any special material that reminds you of them and are lovingly made by Help for Health Hospice volunteers. Each one is a one-of-a-kind treasure and a loving memento.

Cost:
Suggested donation: \$5 per pillow. The Memory Pillow program is supported by your donations, which are dedicated to our general patient care fund. Please allow approximately 3-4 weeks for completion of the pillow once the request and material are received. Please bring one shirt or similar material of equivalent size per pillow. We would prefer if the material was washed and ironed prior to delivery. For questions, call us at (307) 856-1206.
